Website Project Proposal

- Project Site Title: Search.Find.Love
- Client: Any animal shelter that is looking to advertise the dogs they have for adoption.
- Goal: Our group will be creating an animal shelter website template. The overall concept is being able to click on a picture of a dog and it relays you to a form in which you can pick a data and time to visit the dog.
- Audience: Anyone who is looking to adopt an animal
- Project Road Map:
 - a. Client/Goal
 - b. Project Site Title
 - c. Color Combination/Inspiration
 - d. Site Map
 - e. Mock Up
 - How far along is the idea development? This is a very simple template that a client can eventually pick up and edit it on their own terms.
- Site Map: See Flipgrid & GitHub
